The solo part was sung by Carol Carpenter and Peggy Lynn Shirley was the piano accompanist. Mr. Leggett was introduced by Mrs. Edward A. Jensen, program chairman.

Scrap Iron Will Be Sold By The County

An estimated 75 tons of scrap iron will be put up for sale by Palm Beach County this month.

At the commission's meeting Monday, Engineer J. M. Boyd was instructed to call for sealed bids for the purchase of the county's iron pile which has accumulated over several years.

Boyd said that most of the scrap was salvaged in construction of new bridges and that the iron represented waste scrap that could not be used again. Much of the old steel from the bridges, Boyd said has been stockpiled and will be used in future county road and bridge work.

Gloria Willis Is In Cleveland Play

Miss Gloria Willis, daughter of Charles G. Willis of Pahokee, was recently cast as the leading lady in the stage production "Anne of the Thousand Days" which is playing at the Euclid Theatre in Cleveland, Ohio. Miss Willis was chosen for the lead part after two guest performances in "Ring Round the Moon" and "There's Always a Juliet."

Miss Willis played in summer stock near Pittsburgh last season and has had experience in stage productions before being chosen for the outstanding part in the Cleveland play. Gloria Swanson is playing the same part in the Broadway production of "Anne of the Thousand Days" in New York City.

The Cleveland Plain Dealer, Cleveland's largest newspaper, in its Oct. 28th issue carried a full page four-color picture of Miss Willis which was strikingly beautiful. George Jean Nathan, the Broadway critic, in his comment about Miss Willis' acting said: "she is a most promising young actress."

Clarence Padgett Makes Good Grades In Air Force Tests

Mrs. Eva Keen of Canal Point is in receipt of a letter from her son, Clarence Padgett who is a private in the air force at San Antonio, Texas, in which he says that he is getting along exceptionally well. In an aptitude test where the ratings start at 0 and run to 9, Clarence made 9 on all three tests. Records show that this is unusually good for a youngster without college training. Clarence is a graduate of Pahokee high school. He joined the air force on Nov. 2, 1951.

Gold-Dobrow Group Entertains Children

The management of the Gold-Dobrow Theatres entertained at the Prince Theatre Tuesday afternoon with the third annual Christmas theatre party for the white school children of the community. The children saw the movie version of "The Christmas Carol" and were presented with Christmas treats everything free!

The Christmas theatre party will be repeated for colored school children at the Showboat Theatre this Friday afternoon.

Santa Claus Will Make Annual Visit

Pahokee is having a colorful Christmas holiday season through the cooperation of merchants, the Chamber of Commerce, civic and religious groups.

Colored lights have been strung over the streets in the entire downtown section and a large public Christmas tree decorated with colored lights has been erected in the lot opposite to the Bank of Pahokee. In addition, merchants competing in the Chamber of Commerce's Christmas window contest have put extra work in their yuletide decorations to make their windows more attractive this year than ever before.

Santa Claus will come roaring into town on a fire truck Saturday morning, Dec. 22, for a pre-Christmas visit to the various stores that are sponsoring his appearance. As he makes his rounds through the various stores, he will distribute treats to the children and listen to their Christmas gift requests.

At 2 o'clock Monday afternoon Santa will come flying back to Pahokee to preside at the big Christmas party the Pahokee and Canal Point Lions are giving to the children of both communities in the city park. Around 700 children are expected to attend the party and before he leaves Santa will see that each receives a delightful Christmas treat. Prior to his traditional house-to-house visit on Christmas Eve Santa will also help out at the parties the various Sunday Schools are giving for their pupils.

From now until Christmas there will be a continuous round of parties and the various churches in the Pahokee-Canal Point area will present inspiring programs in the form of cantatas, festivals, tableaux and plays in observance of the birth of Christ, with the Nativity scene predominating. As Dec. 25 approaches the night air will ring with the joyous voices of carolers and every evening from 6:30 to 7:30 o'clock the music of Christmas will permeate the beautiful Nativity scene in front of the Pahokee First Methodist Church, with Miss Rita Faye Hurt at the organ.

Legion Home Ready For Use By Post

Members of the Pahokee American Legion Post 90 at a meeting Monday night made plans for a New Year's Eve Dance and open house in celebration of the completion of their new Legion Home on Canal Point Road.

The Legionnaires have been holding regular meetings in their new home for some time but only recently was the interior completely finished with a beautiful terrazzo floor, new tables and chairs, air conditioning unit and decorated stucco-finished walls. An attractive brick-trimmed portico has been completed at the front entrance and greatly improves the appearance of the building.

Perry Duke was appointed chairman of the committee in charge of the dance and open house. The group voted to sponsor a Christmas turkey shoot and named Melvin Sporer to have charge of this project.

County Employees Get Yuletide Holiday

The Palm Beach County Commission took cognizance of the coming Christmas season Monday to give county employees a two-day holiday and early pay checks.

Chief Santa Claus on the board was Commissioner John Prince who moved that the court house be closed from December 22 to Dec. 26, giving employees a long weekend.

Prince also led the way for the county employees to get their pay checks for December by the 20th of the month instead of the last day.

The board also approved a motion to cancel their regular meeting for Dec. 24 until Dec. 26.

Band Parents Will Form Organization

Preliminary steps toward the organization of a Band Parents Association were taken by a group of parents at an open meeting in the high school auditorium Monday night following the PTA meeting.

The meeting was opened by Bandmaster Robert O. Lampi, director of the Pahokee High School Band, who explained how such an organization can help maintain the high standards and morale of the band.

The group chose W. W. McCurdy as temporary chairman to direct organization procedure. Mr. McCurdy named Clyde A. Campie, chairman, L. L. Shirley, John D. Rogers, J. E. Williams and E. F. McIlwain on a committee to nominate a slate of officers.

The next meeting of the group will be held in the auditorium on the night of Jan. 14 following the January meeting of PTA. At that time the nominating committee will give its report; a president, vice president, secretary and treasurer will be elected; and the organization of the Band Parents Association will be completed.

Pahokee Rotarians Hear T. Q. Harrison

T. Q. Harrison's speech on "America, Then and Now" at the Thursday luncheon meeting of the Pahokee Rotary Club last week was acclaimed by the Rotarians as one of the best talks ever delivered before the local club.

Mr. Harrison, who has a doctor of divinity degree from Yale University and degrees in American and World History from several other universities including Shanghai University in China and the University of Edinburgh in Scotland, has given several outstanding talks on world affairs before local civic clubs since joining the Canal Point School faculty last September. At the start of his career he studied to become a minister of the gospel but is now devoting his life to teaching youth, from 12 to 15 years, spiritual values to be gained through an insight into the history of mankind.

The club made plans to welcome District Governor Irwin R. Waite of Miami during his official visit to Pahokee this week.

A 20-year perfect attendance pin was presented to T. W. Knight and a 16-year perfect attendance pin, to John A. Dulaney, both of whom are past presidents of the club.

The 70-voice choir will stand on the steps of the church against a colorful background. A star with 60 white lights will shine at the peak of the church roof and the facade will be outlined with blue lights. A large cathedral window will be at the center while large brilliantly colored scenes of the Nativity set amidst the city of Bethlehem will complete the setting for the choir.

The festival will be directed by Mrs. Mildred Todd, with Mrs. Hugh Branch assisting with the Junior Choir. Miss Rita Faye Hurt will be the organ accompanist.

Organ music will be played by Miss Hurt at the outdoor scene of the Nativity each evening from 6:30 to 7:30 o'clock beginning Sunday, Dec. 16, through Christmas Eve, Dec. 24.

News Notes From State Capital

TALLAHASSEE — First court test of the new election code in its restrictions on free speech and freedom of the press will come from nearby Calhoun county. Wallace Finley, publisher of the County Record of Blountstown, has undertaken to get these questions before a court, in a suit for declaratory decree. His action came as a result of a request from the Florida Press Association, to start such newspapers serve. The Finley suit a suit on behalf of the public these questions those restrictions of the new election code which seem to prevent American citizens from freely writing their sentiments about candidates of their choosing, and which seem to curb the freedom of the press by preventing newspapers from giving space to candidates to outline their policies. It is expected that an early answer will be received from the circuit court.

TALLAHASSEE — Two opinions from the Attorney general, Richard W. Ervin, have slowed down recent political movements, one by the Miami Eisenhower-for-president club and the other by the Jefferson-Jackson day dinner movement of the state Democratic committee. In the Eisenhower incident, General Ervin ruled that the election laws prevent a corporation, such as they formed, from placing advertising in a news paper in support of the Eisenhower boom for president. In other, he ruled that money received from race tracks, corporations, public utilities or liquor establishments, or anyone connected with them, would be "contributions" to the Democratic party and thus illegal under the new law.

TALLAHASSEE — A "get tough" policy on those who collect the state sales tax but forget to turn it in has been announced by Comptroller C. M. Gay. Due to a change in the law, the comptroller now may ask for embezzlement charges to be laid those caught withholding sales tax collections. Strict enforcement, Gay believes, is responsible for an increase already noted. The tax will yield close to \$50,000,000 a year.

TALLAHASSEE — Another state tax benefitting by strict enforce-

ment is the cigarette tax. Director Lewis Scott announced \$1,270,677 is available for distribution to the cities, to the state hospital and to the general fund of the state. Miami heads the list of cities, getting \$194,590 out of one month's tax collections by Scott's agency.

TALLAHASSEE — Needed state office space is to be supplied by a new building to be put up with the proceeds of revenue certificates, if the city of Tallahassee or some other agency will buy the land. The late improvement commission has proposed to the cabinet that a building similar to ones already put up for the industrial commission be constructed on land within the Capital Center for state agencies now renting private space. The city is studying methods of acquiring two city blocks east of the capitol for this purpose.

Exchange Club For City Belle Glade

E. M. VanLandingham was elected president of the Belle Glade Exchange Club at a recent organization meeting.

Other officers elected were K. E. Lutz, vice president; E. F. Allen secretary; and O. G. McWhorter, treasurer. Board members elected were E. M. Ayres, Charles Goodlett, J. F. Wooten, W. L. Collins, W. W. Weeks and C. M. Greene. Plans were made for a charter dinner at 7:30 p.m. Dec. 29 at Belle Glade Country Club, with W. W. Weeks as toastmaster. A representative from the National Exchange Club at Toledo, Ohio, will present the charter and local civic leaders will speak. A dance will follow.

The Belle Glade club is sponsored by West Palm Beach Exchange Club.

Expanding its program into the 40 counties which have no active units is the goal of the Florida Division, of the American Cancer Society.

According to the National Safety Council, December will see the traffic death figure in the United States climb to the million mark.

Springfield Cubs To Train In Clewiston

CLEWISTON — Sidney Crochet, of the U. S. Sugar Corporation in Clewiston, recently announced through the Clewiston Chamber of Commerce that Jack Sheehan, President of the Springfield Cubs AAA minor league baseball team, has selected Clewiston as the training site of the Chicago Cub affiliated team next spring. The Clewiston Inn will house the players and Sheehan says it is the finest hotel any of the Chicago Cub minor league clubs have ever stopped at in training. Sheehan recently met with leaders of Clewiston's civic groups and he selected their town in preference to several others he had inspected.

Sheehan plans to arrive in Clewiston about March 1 and will be joined by Manager Bill Kelly two days later. The pitchers and catchers will report about March 12 and the remaining players will arrive on the 18th. If Uncle Sam does not select too many for his team there should be about thirty players and officials in camp at the peak of activity.

Pupils of the two Fifth Grades at the Pahokee Elementary School enjoyed a recent visit to the Seminole Indian Reservation near Brighton. They were accompanied by their teachers, Mrs. Sarah Thomas and Mrs. Charlotte Walsion, and several of the parents who took their children to the reservation in private cars.

Search Continues For Canal Point Girl

SEARCH is still underway for Geraldine Stokes, 16, daughter of Mrs. E. A. Moody, Canal Point, who was last seen on the grounds of Pahokee High School last May 3. Mrs. Moody said Miss Stokes is about 5 feet, two inches in height, weighs approximately 115 pounds,

From where I sit... by Joe Marsh

Sign of a Nice Guy

Got us around these parts that everywhere a hunter went this fall, he came up against signs saying "PRIVATE PROPERTY, NO HUNTING, KILL OFF." But not out at Happy Freeman's place!

Happy's signs say "PRIVATE PROPERTY, GOOD HUNTING, BUT BE RESPECTFUL."

"Don't hunt myself," Happy says, "but there's plenty of game on my property. I tell the hunters where the best spots are—away from where I'm working and where nobody else is hunting. It works out pretty well all-around."

From where I sit, Happy has once again shown why he gets along with everyone and why everyone respects him. Happy's likes and dislikes might not be the same as his neighbors', but that doesn't stop him from understanding. When it comes to opinions on hunting, fishing, politics, ways of farming, or whether your favorite beverage is beer or cider, try to be like Happy and the chances are you'll be really happy!

Telephone Service is Growing, too

...and the price is up far less than most things you buy!

LONG DISTANCE CALLS
go through faster when you give the operator the out-of-town telephone number.

RAPID GROWTH—that's one thing this young fellow has had in common with telephone service since his babyhood.

ACTUALLY, in just five years the number of local telephones Floridians can call has *more than doubled*. And this year's increase in Florida telephones is expected to reach about 51,000.

BEST OF ALL, this bigger, better "package" of service has gone up on the average *less than a fourth as much* as prices in general... and less than our cost of providing the service.

ALWAYS one of your biggest bargains, telephone service is today an *even better* buy than it was ten years ago, and a *smaller* part of your family budget.

Christian Science Group Of Canal Point

Assurance that complete reliance on God brings complete protection will be given in the Lesson-Sermon read in all Christian Science churches next Sunday. The subject is: "GOD THE PRESERVER OF MAN."

One of the Psalms of David provides the Golden Text: "In God is my salvation and my glory; the rock of my strength, and my refuge, and underneath are the everlasting arms." (Deut. 33: 27 to 30). The theme of God as the preserver of man will be carried out in correlative passages from Science and Health with Key to the Scriptures by Mary Baker Eddy, including: "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God" (p. 228).

New Paper Plant Is Dedicated In State

PALATKA — Florida's eighth paper plant, a \$10,000,000 addition to the Hudson Pulp & Paper Corporation's big operation, was dedicated recently by Governor Fuller Warren.

Bringing Hudson's total investment to more than \$22,000,000, the new plant will permit doubling present capacity, increasing daily production to 400 tons of finished, unbleached kraft, about 85 per cent of which will be converted in the fully-integrated operation to kraft wrapping paper, gummed sealing tape, grocery bags and sacks and multi-walled bags for heavy chemicals, fertilizers and other industrial products.

The mill opening, which will bring employment to an additional 600 people and increase Hudson's payroll to nearly \$5,000,000 annually, was marked by a county-wide celebration in which representatives of virtually all the city, industrial and social organizations in the community participated.

New Power Plant Is Put Into Use By FPL

Florida's newest and most unique generating plant, mounted on a railroad flatcar, was christened and started on its first assignment by Florida Power & Light Company last week. It is one of two such plants designed by Florida Power & Light engineers for emergency and seasonal use wherever needed on its state-wide system.

Augmenting the utility's fleet of nine smaller generating units mounted on highway trailers, the railway plants can also be quickly moved into an area as an emergency source of power.

Designed for contiguous operation if necessary, they will normally supplement power supply facilities wherever they can be used to best advantage on the Company's system.

Mounted on special 74-foot flatcars, the railway plants are nearly twice as long as the standard, 40-foot boxcar. Each contains a 1000-horse-power Diesel engine and a 700-kilowatt generator.

They are completely self-contained, including transformers, switchboards, fuel tanks and even living quarters for the plant crew.

The silver sides of the car depict FPL's familiar Reddy Kilowatt figure with the lighting-stroke arms and electric lamp nose as saying, "I'm Reddy!"
